

Season's Greetings!

Season #2 is in the books - **can I get an AMEN !?!?** This past summer we all worked harder than ever, (especially Kaitlin) ... we hope it felt like everything was running smoothly, at least most of the time.

We are also more thankful than ever to have such amazing guests, employees & family on this journey with us.

We had a little more time (and money) to work with this year, so we put together a pretty aggressive fix list that got even longer after we added a few more projects to make the insurance company happy (fingers crossed!)

-> What's completed ...

- ◆ Kaitlin spent a couple days tearing off multiple layers of shingles & putting a new roof on the Beachview.
- ◆ Brandon spent more than a couple days replacing all the old patio DECK boards with composite boards.
- ◆ Hired a contractor to replace all remaining electric fuse boxes in cabins with actual breaker panels.
- ◆ The kitchen has been completely gutted & floors/support beams have been replaced as needed.
- ◆ Replaced old UN-reliable w/a newer ski boat & have some pretty solid leads on a driver (toes crossed?)

-> What's in progress ...

- ◆ Now that the kitchen has a new floor, it's time to have an exhaust hood/fan & Ansul fire suppression system installed - the first step was boarding up the back kitchen door, so no more spying on the chef!
- ◆ The floor(s) in the Happies duplex have been stripped to the support beams, some of which need repair before the new floor can be laid and all the cabinets & appliances put back in place! (Whether we will end up with time to address other soft floor spots around property is yet to be seen ...)

-> What else is on the list ...

- ◆ Rancho & The Abbey duplex will get metal roofs and several other cabins will get some new shingles.
- ◆ Several stoves s/b replaced & MANY doors/windows/picnic tables need major TLC (ARMS crossed!!)
- ◆ Current DISH TV is being replaced by Fire TV service so be sure to pack your streaming logins!
- ◆ Last, but not least, we have many more pictures to add to our memory wall in the bar!

-> What's going on ... We are VERY excited for our third season in 2024!

- ◆ Our Brewgrass festival (last weekend in April) is getting bigger & better every year!
- ◆ Guest appreciation weekends are (spring) Mother's day & (fall) Roctoberfest weekends
- ◆ Looking forward to the Memorial Day Luau and Labor Day weekend celebrations
- ◆ We will be keeping the popular Tuesday night cookout & Thursday night karaoke
- ◆ Bringing back kid's activities & adding a roaming movie night - movie/location requests welcome!
- ◆ The bad news ... prices are being increased on just about everything (except soda & hotel rooms).
- ◆ The good news ... We will have most of the same staff back for the 2024 season!

Thanks again - can't wait to see everyone next summer
