

Season's Greetings!

Season #3 is a wrap – all together now ... HIP! HIP!! HORRAY !!!

In 2024 we kept busy just making sure everyone was happy & comfortable AND keeping the lights on (literally). Despite the many challenges, we are more determined than ever to keep going given the very special timing ...

**** Celebrating 2025 as the 100th YEAR White Lake Beach has been in operation which will continue right into 2026 when we celebrate the resort's 100 year Anniversary!! ****

♥♥♥ We are so lucky to have such amazing guests, employees & family to celebrate this milestone with ♥♥♥

We also have more time (and money) to work with this year, but of course, the fix-it list kept growing as well ...

—>> What's completed

- Bar building: Replaced furnace & both central A/C units (Thanks Jeff!), the entire soda gun system + ice bins behind the bar, back bar beer cooler, ice machine & the main resort water pump & pressure tank.
- Chalet building: New underground water pump plus new front steps/ramp (Thanks Brandon!)
- Restaurant: Menu revamped & fresh coat of paint in the dining room (Thanks Faith!)
- Birds: Added large & small coupes for baby peacocks that were hatched in 2024 & new flock of chickens
- ♦ Other new stuff: Event tent & stage, pontoon boat motor, riding lawnmower & gas pressure washer

—>> What's in progress

- New (Main) electrical panel is on order! (Sorry for all the outages that occurred while we sorted this out)
- Contractors that were engaged to install metal roofs on Rancho & The Abbey duplex last spring were not able to fit us in before the season started - now we've added the bar building & Garden to that list ... 😞
- Cabins: One new memory foam mattress/bed frame plus an end table w/charging station for each cabin!
- Electrical outlets: Many aged outlets in the hotel/cabins have been ear marked for replacement
- ♦ Bathrooms: Several floors are being rebuilt, much caulk freshened & transition to taller toilets has begun

—>> What else is on the list

- Find a workable (internet) solution to the “replace DISH TV with Fire TV” project – stay tuned!
- Need to find replacements for the water trampoline, wooden raft & shallow water kiddie slide.
- ♦ On-going: (More) refrigerators are missing shelves/drawers & doors/windows/picnic tables need TLC
